

NuPlay Rubber Mulch Nuggets

NuPlay rubber nugget mulch is the perfect loose-fill nugget ground cover for playgrounds and commercial landscaping. This is one of the safest playground surfaces on the market today with a fall height rating up to 16 Ft. with a 12-year color guarantee your children will stay safe, and your yard will look great for years to come.

Installation Guidelines for Playground

- The ground area where the playground will lie should either be in a location that will not hold water, or have slight grade to allow for proper drainage.
- Heavy duty weed fabric should be installed under NuPlay Mulch to separate the mulch from what lies beneath. Depending on the size of the playground, it is recommended to use large rolls of weed fabric (12' width rolls) to minimize the number of seams.
- Use landscape stakes to stake down weed fabric seams and corners. Make sure the stakes are completely hammered down.
- A border is recommended to enclose the playground to contain the mulch. It is recommended to have a few inches between the top of the border and the top of the mulch.
- It is recommended to loosely compact the mulch to either 3 or 6 inches to achieve the desired fall height rating.

Installation Guidelines for Playground

- Install NuPlay Mulch at a 1.5" depth
- It is recommended to install over a permeable weed fabric. Using a weed fabric will increase coverage of mulch, decrease risk of weeds, and keep mulch in place.
- Make sure the ground surface is a compacted material, free of debris and loose objects. NuPlay will look its best when not mixed in with other debris.
- We recommend installing boarder on your mulch or plant beds to help contain NuPlay Mulch. The boarder can either be raised, poured concrete/brick, or a 2" dug trench around the bed.
- To clear leaves and other debris off the top of NuPlay, use a blower on a low setting. Since NuPlay is heavier than grass clippings and leaves, it will stay in place while the debris is blown away.

Simply the Safest

- Made from 100% recycled rubber
- 12 year color guarantee
- Beautifies landscapes and prevents weeds
- Will not fade, rot, compress or lose its original beauty; even after years of exposure to the elements
- Stop annual mulching - save time and money
- Will not attract termites, carpenter ants or other damaging insects, keeping your landscape healthy and protected
- 0.8-cu ft bag covers 6.4-sq ft at 1.5-in depth
- IPEMA certified for safe use on playgrounds
- More than 2X the fall height rating of wood mulch
- Made in the USA
- Available in Brown, Red, and Black

Critical Heights of Tested Materials of 6" Depth

NuPlay - 14 ft
Wood Chips - 7 ft
Engineered Wood - 6 ft
Wood Mulch - 6 ft
Double Shredded Bark - 6 ft
Fine Gravel - 6 ft
Medium Gravel - 5 ft
Fine Sand - 5 ft
